SPECIAL OFFER TERMS AND CONDITIONS:

Special offer terms and conditions: Offer only available through iBurst direct and selected iBurst resellers and partners. 2 Months free subscription and free SIM and connection special offer available across all HSDPA packages. The first payment for newly activated Subscriber will be debited within two working days of contract activation and will include a pro rata payment for the current month and the entire fee for next month's subscription. Free subscription will only apply for two months thereafter (ie month three and four from start of contract period). The MYMEG 500 HSDPA package will be charged at R199 over a 24 month period and this applies to contracts signed from 1 to 30 April 2009.

NOTES:

- Data carried over to the following month will be limited to the monthly data allocation for which the customer has signed up, and/or the amount of any Bandwidth Booster purchased by the customer in that month. (Not applicable to iBurst HSDPA customers).
 - All of the iBurst packages are automatically activated with Pay-per-use. Pay-per-use data billed in 1 megabyte increments rounded up to the next megabyte. Opting out of Pay-per-use on an iBurst Wireless package means that upon reaching the data limit/cap for the month, the subscriber's service will either be throttled (slowed to a maximum of 64 kbps) or capped (disconnected) depending on their package. iBurst Wireless subscribers on a KickStart or Playa package will be capped, while subscribers on a Giga package or higher will be throttled. Opting out of Pay-per-use on an iBurst ADSL package means that upon reaching the data limit/cap for the month, the subscriber's service will be capped. No throttling available on ADSL packages. Where a subscriber is throttled or capped, the subscriber will be required to top up with Bandwidth Booster in order to continue normal service. No Pay-per-use opt out available on FreeFlo packages. iBurst HSDPA Pay-per-use billed in 1 byte increments and no Pay-per-use opt out available.
 - Static IP is available on all iBurst Wireless packages regardless of which modem is selected. Static IP may not be added to any iBurst ADSL or iBurst HSDPA packages.
 - A complete fax rates schedule can be viewed at www.iburst.co.za.
 - Insurance options covering hardware and contracts. Not available on HSDPA or ADSL.
 - The monthly fee includes free calls to other iCall subscribers. A complete rates schedule can be viewed at www.iburst.co.za.
 - iBurst HSDPA 3.6 Mbps service subject to network availability and device compatibility.
- * Data transfer rates are not guaranteed and are dependent on network availability and utilisation.
 * Subscription subject to a once-off Activation fee of R99. iBurst HSDPA subscribers are subject to an additional once off sim fee of R105.
 * The first payment for a newly activated subscriber will be debited within two working days of contract activation.
 * All prices include VAT.
 * All prices effective 1 April 2009 to 30 April 2009 and subject to stock availability.
 * Packages will be received by 17H00 on the next working day to main centres once all documents have been received. Express, stand alone accessory and outlying deliveries will be charged for.
 * Terms and conditions apply - E&OE. Terms and conditions available on www.iburst.co.za.
